

Batch Coding Solutions

Handheld Batch Coding Machine

Portable inkjet coding solution for on-the-go printing.

- Lightweight & ergonomic design.
- Ideal for non-porous surfaces.
- Touch-screen interface.

Automatic Batch Coding Machine

Conveyor-integrated system for continuous production lines.

- High-speed industrial printing.
- Sensor-triggered precision.
- Adjustable mounting.

TIJ 2.5 Solvent Ink Cartridge

Professional grade solvent-based ink for TIJ 2.5 printers.

- Fast drying & smudge-resistant.
- High adhesion on non-porous materials.

25.4mm Solvent Ink Cartridge Set

High-capacity solvent ink set for specialized industrial applications.

- High-resolution, clear, and durable prints.
- Chemical and fade resistant.
